

Barney & The Backyard Gang CGI Movie Script  
Our Friend, Barney the Dinosaur  
Written by Daniel Celano

“(The opening credits show up, including the title card “Our Friend, Barney the Dinosaur” while the overture background music plays. The shot shows the backyard. Michael and Amy arrive at the backyard with their basketball.)”

“Michael:” “(putting his dinosaur book down on the umbrella stand)”  
Thanks for setting up our backyard, Mom.

“Mom:” “You're welcome, Michael.

“Amy:” “I love going outside and play basketball. It feels like we're doing exercises.

“Mom:” “Well, Amy, there are lots of fun things that we can do in our own backyard.

“(Song: In Our Own Backyard)”

“Mom:” “(singing)” It's a great day to be outside

And we love what we can do best

Our backyard is a special place

Where we feel impressed

We always do what we love to do

At different times of the day

We even love to work and play

“All Three:” “(singing)” Oh, the world is full of fun

And life is easy than hard

We always have fun in our own backyard

“Michael:” “When we go to our backyard,

I always read a book

At other times, we play with our toys

And see things that we look

""Amy: ""(singing)" Me and my big brother always have fun

And we know what we can never retard

""Michael and Amy: ""(singing)" We always have fun in our own backyard

""All Three: ""(singing)" Oh, the world is full of fun

And life is easy than hard

We always have fun in our own backyard

Yes, we always have fun in our own backyard.

""Mrs. Duncan: "" I'm going to my office to work on the computer. You two have fun playing basketball and make sure not to make any noises out here, OK?

""Michael and Amy: "" OK, Mom.

""(Mrs. Duncan closes the door while the camera shows the Barney plush doll on the lounge chair.)""

""Michael: "" OK, Amy, we promise not to make any noises out here. Let's play basketball.

""Amy: "" OK.

""(Michael bounces and dribbles the basketball and shoots it on the basketball.)""

""Amy: "" Nice shot, Michael.

""Michael: "" Thanks, Amy. Your turn. ""(shoots the ball to Amy)""

""Amy: "" OK. ""(dribbles the basketball)""

""Barney Doll: "" That's not how it's done.

""Michael: "" ""(shocked)" Who said that?

""Barney Doll: "" I did and I'm just your make-believe friend.

""Amy: "" (confused) " Wait a minute, this looks kinda weird.

""Michael: "" Yeah, seems like something has been talking to us. ""(The camera zooms him in closely.)" Or somebody!

""Amy: "" (to the viewers off-screen) " You never know who it might be.

""Michael: "" I have an idea. Why don't we go presume playing basketball? Then we'll find out who's been talking to us.

""Amy: "" That's a great idea, Michael. Presume means continue.

""Michael: "" OK, let's try again. ""(Amy bounces the basketball around.)" She shoots. ""(Amy shoots the basketball on the basketball net.)" She scores.

""Amy: "" We did it! That's what I meant, we, not "I".

""Michael: "" That's for sure. Come on, Amy, let's check out who was talking to us.

""(Michael and Amy walk over to the lounge chair.)"

""Michael: "" Our toy dinosaur, we should have known.

""(Amy picks up the Barney doll and Michael puts his basketball down next to the lounge chair.)"

""Amy: "" I doubt that toys talk just in our imaginations.

""Barney Doll: "" Oh, you should never ever doubt what nobody is sure about.

""(Michael and Amy gasp.)"

""Amy: "" You talk?

""Barney Doll: "" That's right, I'm talking to you, Amy. You and Michael know that us toys talk only in your imaginations.

""Michael: "" ""(holding the Barney doll)" Well, anything is possible if we use our imagination, you know.

""Barney Doll: "" Of course, Michael. There's something I'd like to do, but first, would you put me down, please? ""(Michael puts the Barney doll on the deck floor.)" Thank you. Stand back, please.

""(Michael and Amy stand back and the Barney doll comes to life into a real

dinosaur.)"

""Barney:"" Ta-da!

""Michael:"" Unbelievable!

""Amy:"" Wow, I didn't know you came to life!

""Barney:"" That's because I'm a dinosaur with no name.

""Michael:"" "(to Amy)" Sounds like we need a name for our dinosaur friend.

""Amy:"" Good idea, Michael, but which one?

""Michael:"" I have an idea. Since Fred from The Flintstones always says "Barney, my pebbles!", which is a breakfast cereal, why don't we call you "Barney", Barney the Dinosaur?

""Barney:"" Barney, it is then. Who wants to give me a hug?

""Michael:"" I'll go first, but I've never hugged a dinosaur before. "(gives Barney a hug)"

""Barney:"" "(chuckles)" Feels good. "(releases Michael)"

""Amy:"" I'm next. "(gives Barney a hug)"

""Barney:"" "(chuckles)" Nice.

""Michael:"" Barney, I've read a book about dinosaurs.

""Barney:"" Can I see, Michael?

""Michael:"" Yes, please. "(fetching his dinosaur book from the umbrella stand)"

""Barney:"" Wow, look all the different kinds of dinosaurs. There's an apatosaurus, a brachiosaurus, a brontosaurus, a stegosaurus, a triceratops, and off course, a tyrannosaurus rex. They're stupendous..

""Amy:"" You know, Barney, dinosaurs and people never lived on the Earth at the same time.

""Barney:"" That's because millions and millions of years ago, the dinosaurs died and were extinct by a giant rock that came from outer space. We call it a meteorite.

""Michael:"" That's right, Barney, I know all about rocks, including meteorites that killed the dinosaurs. In fact, I even have a rock collection in my room.

""Barney:"" Some rocks also have pictures of different plants and animals inside. They're what we call fossils. In fact, dinosaurs used to be the oldest animals on this entire planet.

""Amy:"" My teacher at school said that people who dig up for dinosaur bones and fossils are called paleontologists.

""Barney:"" That's right, Amy. Paleontologists put the dinosaur bones back together again as skeletons, just like a jigsaw puzzle, and they put them in museums all over the world.

""Michael:"" It would be neat if we could go back in time and see real life dinosaurs.

""Barney:"" Well, Michael, since you and Amy have learned about dinosaurs, why don't we go on adventure?

""Michael:"" What's an adventure?

""Barney:"" An adventure is a trip where we can explore fun places and do great things.

""Amy:"" And we won't teach to you how to play basketball.

""Barney:"" Sounds good to me, Amy. I'll tell you what. We'll form our own group called "Barney & The Backyard Gang". Deal?

""Michael and Amy:"" "(in unison)" Deal.

""Barney:"" Let's go to our own private spot where no can see us. "(The trio walks to next to the basketball court.)" OK, let's all make a big circle, close our eyes, and wish real hard. And I'll say the magic words. Ready? Shimbaree, Shimbarah, Shimbaree, Shimbarah!

""(Barney, Michael, and Amy disappear through a cloud of magic dust. The fade translates back to prehistoric times and the trio magically arrives.)"

""Barney:"" Here we are, the time of the dinosaurs.

""Michael and Amy:"" Wow!

""Michael:"" Look at all the dinosaurs. They're all different.

""Amy: "" I was right, Barney. Dinosaurs and people never lived on the Earth at the same time.

""Barney: "" Well, Amy, now that you mention it, there are no people around here, just dinosaurs. And there are no cars or trains, either. That's why we've traveled back through the land before time.

""Michael: "" You know, Barney, you were right. This place is just like a museum.

""Bruce Brachiosaurus: "" ""(off-screen)"" Did someone say ""Museum""?  
""(coming in)"" Hello, folks, my name is Bruce the Brachiosaurus.

""Barney: "" Hello, Bruce, I'm Barney the Dinosaur. This is Michael and his sister, Amy.

""Michael and Amy: "" Hello, Bruce.

""Bruce: "" Hi, kids. Welcome to Jurassic Land.

""Amy: "" ""(confused)"" Jurassic Land? I thought this is 65 million years ago.

""Bruce: "" Actually, Amy, Jurassic Land is a fantasy place where friendly plant eating and meat eating dinosaurs live together.

""Amy: "" Oh, I knew that. Jurassic Land lives in our imaginations.

""Barney: "" That's right, Amy.

""Michael: "" Wow, Bruce, I didn't know you have a long neck since you remind me of giraffes that live in the zoo.

""Bruce: "" I used it to stretch and bend the leaves I can eat. Today, I'm taking you on a tour to see all kinds of dinosaurs as your guide.

""Barney: "" A tour? That's a super-dee-duper idea, Bruce.

""Bruce: "" Okay, who wants to be first riding on my back?

""Barney: "" I will, but there's something I must do first. ""(shoots his powers on his head and his safari hat appears.)"" A tour's not a tour without my hat. ""(Bruce lifts Barney on his tail and lifts him on his back. Meanwhile, an oviraptor walks around and sees Amy's elastic hairband thinking they look like eggs.)""

""Michael: "" I'm next. ""(lifted on Bruce's tail and put on his back while the oviraptor takes Amy's elastic hairband)""

""Bruce: "" OK, Amy, your turn.

""(Bruce lifts up Amy and puts on her back in front of Barney.)""

""Amy: "" We made it.

""Barney: "" I think we're ready.

""Bruce: "" Let the tour begin.

""(The song "Adventure in Jurassic Land" plays in C.)""

""Bruce: "" ""(singing)"" In Jurassic Land, we dinosaurs

Live everywhere on Earth

We take visitors on tours

And that is much we're worth

""Barney: "" ""(singing)"" We love to have adventures

And also do fun things

It's a great to place explore

And this is what we sing

""All: "" ""(singing)"" There's a whole world to explore here

Where dinosaurs come and go

They are all very different

And always have fun to show

We love to make new friends

And see great things in hand

We love our adventure in Jurassic Land

""Michael: "" Do you think we'll get to see interesting dinosaurs, Bruce?

""Bruce: "" Of course, Michael, as long as we keep our eyes open.

""Michael: "" "(singing)" There's brontosaurus and triceratops

Who race along the track

""Amy: "" "(singing)" And pterodactyls and stegosaurus

Who have scales on their back

""Barney: "" "(singing)" Dinosaurs are different

As much of surprise

""Bruce: "" "(singing)" That's why we tour in our own very eyes

""All: "" "(singing)" There's a whole world to explore here

Where dinosaurs come and go

They are all very different

And always have fun to show

We love to make new friends

And see great things in hand

We love our adventure in Jurassic Land

There's a whole world to explore here

Where dinosaurs come and go

They are all very different

And always have fun to show

We love to make new friends

And see great things in hand

We love our adventure in Jurassic Land

""Barney: "" "(singing)" Yes, we love our adventure in Jurassic Land

""(The music ends.)""

""Bruce:"" First, stop the brontosaurus. Hello, Bob.

""Bob:"" Hello, Bruce. I see you have visitors.

""Bruce:"" Thanks. This is our friend, Barney.

""Barney:"" Hi, Bob.

""Bob:"" Hi, Barney.

""Bruce:"" And this is Michael and his sister, Amy.

""Michael:"" Hi, Bob.

""Amy:"" Hi, Bob.

""Bob:"" Hi, guys. I've been learning how to bend my neck to reach some leaves.

""Michael:"" Can we watch you and Bruce?

""Bob:"" Sure thing.

""Barney:"" As we can see, Bruce and Bob use their long necks to reach the top of the trees.

""Michael:"" That's what giraffes do.

""Amy:"" That's right, Michael.

""Barney:"" Then they catch the leaves from the trees and hold onto them to their necks. Finally, they bend down their necks. In fact, I didn't know that us dinosaurs have teeth, like mine.

""Bob:"" And that's how we do it. We call the leave tree stars.

""(Bob and Bruce eat the tree star leaves together.)""

""Barney:"" Those tree stars are delicious.

""Bruce:"" Next stop, the Apatosaurus. It's just around the riverbend.

""(The gang leaves Bob's area and the fade translates to Alan the

Apatosaurus who has drinking at the waterfall.)"

"Bruce:" Hello, Alan.

"Alan:" Hello, Bruce, I'm Alan the Apatosaurus. "(seeing Barney)" Who's that wearing the hat?

"Bruce:" Don't mind him, Alan.

"Barney:" I'm Barney and this is Michael and Amy.

"Amy:" What were you doing, Alan?

"Alan:" I drank some water at the waterfall. It's over there.

"Michael:" A waterfall is a movable river where water flows over drops.

"Alan:" That's right, Michael. Unfortunately, us dinosaurs don't drink all of the water.

"Bruce:" That's because it belongs to the Earth. Right, Alan?

"Alan:" Right.

"Bruce:" It sure would be nice if I could have a drink of water during our tour.

"Alan:" Then you've come to the right place.

"(Alan drinks water at the stream.)"

"Barney:" I think I'll have a drink of water, too. "(shooting his magic on his hand a glass of water appears.)" This is an extreme thirst. "(drinks the glass of water)"

"Bruce:" Shall we move on?

"(Fade translates to the following scene.)"

"Bruce:" Well, what do you know? Another long-neck dinosaur. "(putting Barney, Michael, and Amy down)"

"Donald:" Hello, Bruce, my name is Donald. "(to Barney)" And what are your names, my new friends?

"Barney:" I'm Barney the Tyrannosaurus Dinosaur.

""Michael: "" I'm Michael.

""Amy: "" And I'm Amy.

""Donald: "" That's good to know. I'm a diploducous.

""Amy: "" A what?

""Barney: "" A diploducous. Bruce, can you tell us what it is?

""Bruce: "" A Diploducous is another long-neck term, like you, Donald, for example.

""Donald: "" Of course.

""Douglas: "" "(off-screen)" He's not Donald! "(shot pans to him)" I AM!

""Douglas: "" Shut up, Douglas, I'm Donald!

""Douglas: "" No, I'm Donald!

""(The Diploducous twins argue about who is to blame.)"

""Bruce: "" Well, that doesn't sound good.

""Michael: "" They look like twins, don't they?

""Amy: "" "(to Barney)" Isn't there something we can do to stop those Diploducous twins?

""Barney: "" Not if I can help it. "(shoots his magic on Donald and Douglas' sides, as the name tags appear on them.)"

""Donald and Douglas: "" "(seeing the name tags on their sides)" HUH?!?

""Donald: "" Alright, pal, what'cha up to?

""Barney: "" My friends, I know we don't like to be confused about who is who, but instead, I put up name tags on each of your sides. That's why you're twins.

""Bruce: "" Barney's right, you two. You don't have to have a round about whose name, just be yourself.

""Douglas: "" I'm sorry I blamed you, Donald.

""Donald: "" No problem, Douglas, no problem at all.

""Barney: "" I guess two names are better than one.

""(The song "Two Names Are Better Than One" plays in C.)""

""Barney: "" (singing) "" Two names are better than one

Two names are better than one

No need to be confused of who is who

One is one and two is two

Two names are better than one

They always sound like fun

I know that you shouldn't think of who is to blame

but love always stay the same

""Donald: "" (singing) "" We both have different names

Yours sound different from mine

""Douglas: "" (singing) "" Now that know that we're twins,

We both feel so fine

""Barney: "" (singing) "" Two names are better than one

Two names are better than one

I know that I gave you great advice

Since you already learned how to be nice

""Donald: "" (singing) "" Two names are better than one

They always sound like fun

""Douglas: "" (singing) "" And after all is said and done

Two names are better than one

""Barney and the Diploducous Twins: "" (singing) " Two names are better than one.

""(Michael and Amy applaud.)""

""Donald: "" (to Bruce) " So, Bruce, what kind of long-neck dinosaur are you?

""Bruce: "" I'm a brachiosaurus. There are all kinds of long-neck dinosaurs, including brontosauruses and apatosauruses.

""Douglas: "" That's different. We're both diploducous twins.

""Barney: "" Well, we gotta go. There's a lot more dinosaurs to see. ""(climbing back up Bruce's tail)""

""(The gang leaves the Diploducous' area.)""

""Donald and Douglas: "" Good luck!

""Donald: "" You know, Douglas, I love my name-tag.

""Douglas: "" Me, too.

""(Fade translates to the following scene.)""

""Michael: "" Wow, the trees look like a hallway.

""Bruce: "" That's because we're in the forest.

""(Percy the Pterodactyl flies over the gang).""

""Percy: "" Greetings, my fellow citizens, I'm Percy the Pterodactyl.

""Bruce: "" Pleasure to meet you, Percy. I'm Bruce the Brachiosaurus and these are my friend, Michael, Amy, and Barney.

""Amy: "" I didn't know pterodactyls are flying dinosaurs with wings.

""Michael: "" Me, either.

""Percy: "" Us pterodactyls go faster than any other dinosaur.

""Barney: "" Not even me and Bruce?

""Percy: "" Not even you and Bruce, Barney. How would you like to watch me

fly around Jurassic Land?

""All: "" Sure thing.

""Percy: "" Fair enough.

""(Percy flies around Jurassic Land.)""

""Bruce: "" Isn't Percy a great flying pterodactyl?

""Barney: "" Sure, he is.

""(The gang moves on.)""

""Amy: "" Look, this dinosaur looks like a duck, only, it doesn't have wings, unlike pterodactyls.

""Henry: "" That's because I'm a Hadrosaurid. My name is Henry and you are Amy, Michael, Bruce, and Barney.

""Barney: "" Greetings, Henry. I have a question. When you call, do you sound like a moose?

""Henry: "" Of course, Barney, I use my bill to bellow like this. ""(bellows)""

""Michael: "" Sounds cool to me.

""Bruce: "" In fact, I even use my bill to drink water.

""Bruce: "" That's what I do, too.

""Barney: "" Me, three.

""Bruce: "" Let's move on.

""(Fade translates to the next shot.)""

""(Shot cuts to Steve the Stegosaurus.)""

""Steve: "" Yo, Bruce, what's up?

""Bruce: "" Steve, I have some visitors today. This is Barney, Michael, and Amy.

""Barney: "" Hello, Steve, I'm a Tyrannosaurus and you are a stegosaurus.

""Steve: "" Thank you, Barney.

""Michael: "" What are these plates on your back?

""Steve: "" They're called scales.

""Amy: "" I know all about scales. One kind is how we measure and another kind is where some dinosaurs have on their backs.

""Steve: "" That's right, Amy. I even have a spike tail.

""Barney: "" Cool.

""(The gang leaves Steve and moves on.)""

""Bruce: "" Our next stop is the...

""Richard: "" Rioarribasaurus. Hello, my name is Richard. And who are you?

""Bruce: "" I'm Bruce and these are my friends, Michael, Amy, and of course, Barney.

""Michael and Amy: "" Hi, Richard.

""Barney: "" How do you do, Richard?

""Richard: "" Great. Did you know us rioarribasaurus are the same size as a person?

""Michael: "" Wow, I didn't know that.

""Richard: "" Can I please give you and the kids handshakes?

""Barney: "" Sure, Richard.

""(Bruce carries Richard on his tail and Richard and Barney handshakes first, then Michael, and Amy.)""

""Richard: "" Thank you, guys.

""(Bruce puts Richard down back on firm ground.)""

""Amy: "" We people and rioarribasaurus are the same size, right, Barney?

""Barney: "" That's right, Amy.

""Bruce: "" Let's move on, shall we?

""(The quartet set off and Richard waves goodbye.)""

""Bruce: "" Our next stop is the triceratops.

""Sarah: "" Hi, Bruce, what are you doing?

""Bruce: "" Hi, Sarah, I'm giving visitors a tour of Jurassic Land. ""(putting Barney, Michael, and Amy down on the ground)"" This is Barney, Michael, and Amy.

""Sarah: "" What a pleasure to meet you.

""Barney: "" I didn't know you have horns on your nose, Sarah.

""Sarah: "" They're called three horns. I use them to hit all kinds of objects.

""Michael: "" It's like playing basketball, but different.

""Amy: "" That's what we do.

""Sarah: "" Would you like to meet my partner, Rex the Tyrannosaurus?

""Barney, Michael, Amy, and Bruce: "" Yes, please.

""Sarah: "" Very well. Follow me.

""(The quartet follow Sarah and in the following shot, they meet Rex the Tyrannosaurus in his cave.)""

""Sarah: "" Rex, meet our guests.

""Rex: "" Hello, folks, how are you doing? Good to see you.

""Barney: "" Wow, I didn't even know that tyrannosauruses can be so friendly, either.

""Rex: "" That's right, Barney. You must be Bruce the Brachiosaurus. ""(to Michael and Amy)"" And who are you, my young friends?

""Michael: "" My real name is Michael.

""Amy: "" And I'm Amy.

""Rex: "" Well, Michael and Amy it is then.

""Barney: "" (hanging up his hat)" How did you make this hatstand, Rex?

""Rex: "" I used one of these sticks. Have you ever learned about the dinosaur alphabet?

""Amy: "" What's that?

""Barney: "" It's where we learn all about the letters of dinosaur names from A to Z. For example, B is for Barney.

""Bruce: "" And me, Bruce.

""Rex: "" You're right, folks, there are all kinds of alphabet names. And by the way, learning the alphabet would never be dis... dis...

""Barney: "" Disgraceful?

""Bruce: "" Disgusting?

""Rex: "" Despicable.

""Sarah: "" Right, that's what you meant.

""Barney: "" Why don't we learn the alphabet in a song?

""(The song "The Dinosaur Alphabet" plays in D.)"

""Barney: "" (singing)" A is for Apatosaurus, B is for Brachiosaurus

And for Brontosaurus, too

""Bruce: "" C is for Corythosaurus and D is for Diplodocus

I love The Dinosaur Alphabet, don't you?

""Sarah: "" (singing)" E is for Edmontosaurus and F is for Falcarius

G is for Gigantosaurus, too

""Rex: "" H is for Hadrosaurid and I is for Iguanodon

I love The Dinosaur Alphabet, don't you?

""All: "" (singing)" There are lots of dinosaurs

Whose names we'd never forget

We love learning The Dinosaur Alphabet.

""Michael:"" ""(singing)"" J is for Janenschia and K is for Kelmayisaruus

L is for Lambeosaurus, too.

""Amy:"" ""(singing)"" M is for Magyarosaurus and N is for Nanshiungosaurus

We both love The Dinosaur Alphabet, don't you?

""All:"" ""(singing)"" There are lots of dinosaurs

Whose names we'd never forget

We love learning The Dinosaur Alphabet.

""Barney:"" ""(singing)"" O is for Oviraptor and P is for Pterodactyl

Q is for Qantassaurus, too

""Bruce:"" ""(singing)"" R is for Rioarribasaurus and S is for Stegosaurus

I love The Dinosaur Alphabet, don't you?

""All:"" ""(singing)"" There are lots of dinosaurs

Whose names we'd never forget

We love learning The Dinosaur Alphabet.

""Sarah:"" ""(singing)"" T is for Tyrannosaurus and U is for Urbacodon

V is for Valdosaurus, too.

""Rex:"" ""(singing)"" W is for Wakinosaurus and X is for Xenoceratops

I love The Dinosaur Alphabet, don't you?

""All:"" ""(singing)"" There are lots of dinosaurs

Whose names we'd never forget

We love learning The Dinosaur Alphabet.

""Barney: "" "(singing)" Y is for Yandusaurus and Z is for Zephyrosaurus.

That's The Dinosaur Alphabet.

""(The music ends.)""

Thanks, guys, for teaching us the dinosaur alphabet.

""Sarah and Rex: "" You're welcome, Barney.

""Bruce: "" Let's go outside so we can move on.

""(Bruce, Barney putting back on his safari hat, Michael, and Amy leave Rex's cave and later Barney, Michael, Amy, climb back up on Bruce's back and set out once again. Fade translates to the next shot.)""

""Wheel: "" "(off-screen)" Yoo-hoo, down here!

""Bruce: "" HUH?!?

""Barney: "" HUH?!?

""Michael: "" HUH?!?

""Amy: "" HUH?!?

""(The quartet look down to see what's below us.)""

""Wheel: "" Hello, Bruce. I'm Wheel and I'm made of stone.

""Bruce: "" Greetings, Wheel. ""(putting Barney, Michael, and Amy down)""

""Wheel: "" I see you've got your own tourists.

""Barney: "" How do you do, Wheel? I'm Barney.

""Michael: "" I'm Michael.

""Amy: "" And I'm Amy.

""Wheel: "" Hello, folks.

""Barney: "" What are you doing, Wheel?

""Wheel: "" I'm trying to get home but the rocks next to the river have blocked this path.

""Bruce: "" Can we help free the path?

""Wheel: "" Sure, Bruce.

""Barney: "" I know how to do it since we won't cause confusion and delay. That means we won't be late. "(walking over the rock blockage and taking out the lock) Now the combination. This is a musical lock. "(playing his tune on the lock and the rocks transform into a bridge)"

""Michael: "" Wow, it works just like magic!

""Amy: "" I didn't you know can make music, Barney.

""Barney: "" Music is magic, y'know.

""Wheel: "" Thanks, folks, now I can go home. But first, how would you, Barney, like to put in the missing rock piece on the bridge?

""Barney: "" Sure thing, Wheel. "(shooting his magic powers on the bridge and a circle rock appears.)"

""Wheel: "" That's more like it. Thanks, Barney, and thanks everyone.

""Barney: "" You're welcome, Wheel. We always use good manners, don't we?

""Wheel: "" Now I can go home. "(Wheel crosses the rock bridge and goes home.)"

""Bruce: "" Home, I almost forgot. There's just one place we haven't toured yet. My own home.

""Barney: "" Well, what are we waiting for? Let's go to Bruce's own home.

""(Barney, Michael, and Amy climb back up on Bruce's back and the quartet cross the rock bridge. Fade translates to the next scene.)"

""Brenda: "" Hi, Bruce, it's nice to be back.

""Bruce: "" Hi, Brenda, meet our guests. Barney, Michael, and Amy.

""Brenda: "" It's so nice to meet you all.

""Barney: "" "(to Bruce)" I didn't know Brenda is your wife.

""Bruce: "" That's because I'm a husband since I'm done touring for today.

""Michael: "" We thought you've retired.

""Bruce: "" I don't know about retiring, but I certainly feel tired.

""Brenda: "" Have you seen our daughter, Bridget?

""Amy: "" I think she's in the bush since she has shyness.

""Michael: "" I'll go get Bridget.

""Amy: "" OK, Michael.

""Michael: "" Barney, I'll introduce you to Bridget so that she can give you a big hug.

""Barney: "" OK.

""(Michael goes to the bush and sees Bridget hiding.)""

""Michael: "" Excuse me, are you Bridget?

""Bridget: "" ""(giggling)"" Yes, of course.

""Michael: "" Come out of the bush and follow me.

""Bridget: "" OK. ""(gets out from the bush and follows Michael)""

""Bridget: "" Hi, Mommy, hi, Daddy.

""Bruce and Brenda: "" Hi, Bridget.

""Michael: "" Bridget, our friend Barney has been expecting you.

""(Bridget walks towards Barney and gives him a bug.)""

""Bridget: "" Hi, Barney.

""Barney: "" Hello, Bridget.

""Amy: "" ""(seeing another kid brachiosaurus coming in)"" Who are you?

""Brandon: "" I'm Bridget's older brother, Brandon, and I'm the son of our parents.

""Bridget: "" Brandon, this is Michael and Amy.

'''Brandon:''' Hi, guys.

'''Michael and Amy:''' Hi, Brandon.

'''Michael:''' I didn't know there are dinosaur kids.

'''Barney:''' Mommies work hard to take care of their kids, and so daddies.

''(singing the song "Hooray For Moms and Dads)" Moms and dads all over the Earth

Care for their kids from their very first birthday.

Moms and dads all over the Earth.

They work all day then it's time to play.

Hooray for moms and dads!

'''Amy:''' ''(singing)" Bears and buffalo, beavers and bats.

'''Michael:''' ''(singing)" Cranes and caribous, camels and cats.

'''Brenda:''' ''(singing)" Animal children are loved like you.

'''Brandon:''' ''(singing)" Our moms and dads take care of them too.

'''Bruce:''' ''(singing)" Moms and dads all over the Earth

Care for their kids from their very first birthday.

'''Brenda:''' ''(singing)" Moms and dads all over the Earth.

They work all day then it's time to play.

'''Bruce and Brenda:''' ''(singing)" Hooray for moms and dads!

'''Amy:''' Horses, hummingbirds, herons and hogs.

'''Michael:''' Dolphins, dinosaurs, donkeys and dogs.

'''Brenda:''' Animal children are loved like you.

'''Brandon:''' Our moms and dads take care of us, too.

""All: "" "(singing)" Moms and dads all over the Earth

Care for their kids from their very first birthday.

Moms and dads all over the Earth.

They work all day then it's time to play.

Hooray for moms and dads!

Hooray for moms and dads!

""Michael: "" "(to Brenda)" I didn't know you and Bruce can sing.

""Brenda: "" That's what we always do.

""Michael: "" I love my mom.

""Amy: "" Me, too. "(shocked while the camera zooms in to her)" Oh dear! Oh dear!

""Barney: "" What's wrong, Amy?

""Amy: "" Barney, I just remember something that I forgot about.

""Michael: "" What's that, Amy?

""Amy: "" My elastic hairband.

""Brenda: "" What does your elastic hairband look like?

""Amy: "" Well, Brenda, my elastic hairband is pink and has small balls and strings attached to hold my ponytail hairstyle.

""Brandon: "" Mom, Dad, do you know what I think? I think a dinosaur thief took it.

""Brenda: "" Bruce, what is the dinosaur thief called?

""Bruce: "" The dinosaur thief whom none of us has seen is called an oviraptor. Oviraptors try to steal eggs everyday. I'll tell you what. "(turns to Barney)" Barney, you, Michael, and Amy go find the missing elastic hairband ourselves as your own search party. Us brachiosauruses will stay here.

""Barney: "" Great idea, Bruce. We'll need these, too. "(shooting his magic powers)" They're called magnifying glasses.

""Michael: "" They're just what we need.

""Amy: "" Thanks for taking us on a tour to Jurassic Land, Bruce.

""Bruce: "" You're welcome, Amy. Have fun searching for the missing elastic hairband, my friends.

""Barney: "" We will, Bruce. Goodbye, guys. ""(He, Michael, and Amy leave.)""

""(Shot translates to the next scene.)""

""Barney: "" ""(to Michael and Amy while holding their magnifying glasses)""  
OK, we must stay together as a group.

""Michael: "" I've read that in a book about a princess named Snow White, the little men called dwarfs have bald scalps. It's called a scalp.

""Amy: "" That's right, Michael.

""(Barney, Michael, and Amy search for the missing elastic hairband through the forest and an oviraptor arrives.)""

""Oliver: "" ""(holding Amy's elastic hairband crossly)"" These eggs are too small. Plus, they have strings attached to them?

""Amy: "" ""(walking to the oviraptor) Actually, they're not eggs, it's my elastic hairband.

""Oliver: "" I'm sorry; I didn't know the eggs are your elastic hairband.

""Amy: "" That's alright, Mr. Oviraptor, I didn't know that, either.

""Oliver: "" Call me Oliver, Oliver the Oviraptor.

""Amy: "" I'm Amy. Oliver, meet my big brother Michael.

""Michael: "" Hello, Oliver.

""Oliver: "" Hello, Michael.

""Michael: "" And this is our friend, Barney.

""Barney: "" Greetings, Oliver.

""Oliver: "" Hi, Barney.

""Amy: "" Oliver, can I please have my elastic hairband?

""Oliver: "" Sure, Amy. ""(giving Amy back her elastic hairband)""

""Amy: "" Thank you, Oliver.

""Oliver: "" You're welcome, Amy.

""Barney: "" Michael, how would you like to redo Amy's ponytail hairstyle?

""Michael: "" Sure thing, Barney. Amy, I want you to be in front of me.

""(Amy goes in front of Michael and Michael reattaches the elastic hairband while holding Amy's hair on the rear.)""

""Amy: "" ""(giggling)"" My hair, it tickles. ""(seeing her ponytail back up straight)"" Thank you, Michael.

""Michael: "" You're welcome, Amy.

""(Amy hugs Michael.)""

""Barney: "" A thing of beauty is a joy forever.

""Oliver: "" I've heard that you guys are using good manners. Do I use good manners, too?

""Barney: "" That's right, Oliver. ""(magically takes out his guitar and sings "Please and Thank You)""

There are lots of things we can do to be nice

Sometimes, they're hard to remember

But there are two little things we should never forget

From January to December

I'm talking about Please and Thank You

They're called the magic words

And animals to talk to

Hear the fishes and the birds

Saying "Please" and "Thank You"

'Cause they're the magic words

Use them in the morning and noon and night,

'Cause it's a great way to be polite.

"Please" and "Thank You", they're the magic words

""Michael and Amy:"" "(singing)" We're talking about Please and Thank You

They're called the magic words

And animals to talk to

Hear the fishes and the birds

Saying "Please" and "Thank You"

'Cause they're the magic words

""Amy:"" Use them in the morning and noon and night,

""Michael:"" 'Cause it's a great way to be polite.

""Barney, Michael and Amy:"" "(singing)" "Please" and "Thank You", they're the magic words

""Oliver:"" "(singing)" We're talking about Please and Thank You

They're called the magic words

And animals to talk to

Hear the fishes and the birds

Saying "Please" and "Thank You"

'Cause they're the magic words

""Barney:"" Use them in the morning and noon and night,

'Cause it's a great way to be polite.

""Barney, Michael, Amy, and Oliver: "" ""(singing)"" ""Please"" and ""Thank You"", they're the magic words.

""Oliver: "" I better go find real eggs. ""(leaves the forest)""

""Barney: "" And we better get home.

""Michael: "" I can't wait to tell Mom all about our make-believe adventure.

""Amy: "" Me, too.

""Barney: "" OK, let's all hold hands while I say my own magic words. ""(The trio all hold hands.)"" Ready? Shimbaree, Shimbarah! Shimbaree, Shimbarah!

""(Barney, Michael, and Amy disappear through a cloud of magic dust. The fade translates back to the backyard in the present at the evening and the trio magically arrives back.)""

""Barney: "" Well, we're back.

""Amy: "" Thanks for taking us on an adventure, Barney. ""(hugs Barney)""

""Barney: "" You're welcome, Amy. I gotta go. Call me the next time you need some help. Goodbye.

""Michael and Amy: "" Bye, Barney.

""(Barney magically turns back into a toy and Amy picks him up.)""

""Amy: "" We'll miss Barney, but since he had to leave, he's just make-believe.

""Michael: "" That's right, Amy. Why don't we put him back into the lounge chair so we can remember?

""Amy: "" Good idea, Michael. ""(Amy puts the Barney plush back on the lounge chair.)""

""Michael: "" The next time we need some help, all we have to do is wish real hard and Barney will be there when we need him. In fact, we might even introduce Barney to the other kids when he comes back.

""Amy: "" But they won't be happy if they find out. That's why they've already been taken care of.

""Michael: "" I'm proud to call you my sister, Amy.

""Amy: "" I know, Michael.

""(Mrs. Duncan arrives back while opening and closing the door.)""

""Mrs. Duncan: "" Well, I'm glad you had such a good time. What did you all do out here all day?

""Michael: "" ""(holding his basketball)"" Oh, lots of things. We went on an adventure back in time to see real dinosaurs.

""Amy: "" ""(holding Michael's dinosaur book)"" And one of the dinosaurs, an oviraptor, took my elastic hairband, but I was happy to have it back.

""Michael: "" And Mom, you don't want to know who our make-believe friend who took us on an adventure is. That's why it's a secret.

""Mrs. Duncan: "" OK. Why don't we go inside and get washed up for dinner so you can tell me all about your adventure.

""(Michael, Amy, and Mrs. Duncan enter the house while taking their basketball and dinosaur book. The camera pans to the lounge chair where the Barney plush is sitting, and the Barney plush winks his eye. The Barney Plush watches the credits roll while the Barney's background music plays.)""
